

## Homework Help

ROSE-HULMAN INSTITUTE OF TECHNOLOGY

[AskRose.org](http://AskRose.org) | 877-Ask-Rose

### About AskRose

Founded in 1991 and funded by Lily Endowment, Inc., AskRose is a free, high-quality math and science tutoring service for students in grades 6-12. AskRose services are free to students offered by Rose-Hulman Institute of Technology

### Our Philosophy

Rather than give students the answers, our trained AskRose tutors guide students through homework problems to help them better understand math and science concepts, the way they are taught in schools today.

### Our Tutors

AskRose tutors are Rose-Hulman Institute of Technology students who are recommended by Rose-Hulman faculty for their technical knowledge and ability to communicate with students of all skill and comprehension levels.

### Contacting our Office
